Summary of Benefits for Missouri, MEDICAID

Children's Dental Services

Preventive Services

	Is the service Covered?	Frequency	List any service-specific limitations
Cleanings	Yes	1 x 6 months	D1120 through 12 years of age, D1110 age 13 through 20
Fluoride treatments (including fluoride varnishes)	Yes	1 x 6 months	Covered for participants that are age 0-20. Varnish may be applied by physicians and hygienists.
Sealants (list any tooth-specific limits)	Yes	1 x every 3 years	Ages 5-20. Sealants may be applied only on healthy (without occlusal restorations) first and second permanent molars (tooth numbers 2, 3, 14, 15, 18, 19, 30 and 31). No payment is made for sealants applied to third molars. Sealants will not be a covered service if applied to primary teeth. Permanent first and second molars may be sealed as they erupt, or for older or newly-approved MO HealthNet participants (ages 5-20) whose teeth have never been sealed, all eight molars may be sealed in one setting.
Space maintainers	Yes - only with prior authorization		Fixed space maintainers, unilateral and bilateral, are provided for the premature loss of primary teeth only. Removable space maintainers are not covered. Recementation of a space maintainer is covered.

Diagnostic Services

	Is the service Covered?	Frequency	List any service-specific limitations	Recommended age of first visit?
Oral health screening or assessment				
	Yes	1 x 6 months	Children may receive age-appropriate dental screens and treatment services until they become 21 years old.	
Dental examinations				
	Yes	1 x 6 months	It is recommended that preventative dental services and oral treatment for children begin at age 6-12 months and be repeated every six months or as medically indicated.	1 year
Assessment of risk for tooth decay				
	Yes	1 x 6 months		
X-Rays				
			X-rays that are of no diagnostic value for interpretation are not covered. All x-rays must be of the intraoral type, excluding a panoramic type of film. Panoramic types of film and sialograph survey films are the only extraoral x-rays that are covered for a dentist. A maximum of four additional periapical x-rays (D0230) is covered after the first (D0220)	

Bitewing	Yes	1 x 6 months	on any given date of service. A pre-operative full-mouth x-ray survey of permanent or primary teeth or of mixed dentition is covered once in a 24-month interval. A pre-operative full-mouth x-ray survey of permanent teeth is defined as 14 periapical films plus two bitewing films (one each right and left) or a total of 16 single films - OR - one panoramic film and two bitewings (one each right and left). A pre-operative full-mouth x-ray survey of primary teeth is defined as four periapical films plus two bitewing films (one each right and left) or a total of six films - OR - one panoramic film and two bitewings (one each right and left). A pre-operative full-mouth x-ray survey of mixed dentition is defined as six periapical films (one each upper and lower anterior teeth, one each upper an dlower right teeth, one each upper and lower left teeth) plus two bitewing films (one each right and left) or a total of eight films-OR-one panoramic film and two bitewings (one each right and left). A maximum of two pre-operative bitewing x-rays are covered within a six-month period. Post-operative x-rays of extractions are not covered.	

	Is the service Covered?	Frequency	List any service-specific limitations	Recommended age of first visit?
Full Mouth	Yes	1 x every 2 years	A pre-operative full-mouth x-ray survey of permanent teeth is defined as 14 periapical films plustwo (2) bitewing films (one [1] each right and left) or a total of 16 single films — OR — one (1) panoramic film and two (2) bitewings (one [1] each right and left). A pre-operative full-mouth x-ray survey of primary teeth is defined as four (4) periapical films plus two (2) bitewing films (one [1] each right and left) or a total of six (6) films — OR — one (1) panoramic film and two (2) bitewings (one [1] each right and left). A pre-operative full-mouth x-ray survey of mixed dentition is defined as six (6) periapical films (one (1) each upper and lower anterior teeth, one (1) each upper and lower right teeth, one (1) each upper and lower left teeth) plus two (2) bitewing films (one [1] each right and left) or a total of eight (8) films—OR—one (1) panoramic film and two (2) bitewings (one [1] each right and left).	

	Is the service Covered?	Frequency	List any service-specific limitations	Recommended age of first visit?
Panoramic	Yes	1 x year	D0330 will only be reimbursed for participants age 6 and older. If medically necessary for children ages 0-5, a panoramic film may be reimbursed if billed using procedure code D0999 and a narrative report describing the situation is attached to the claim.	

Treatment Services

	Is the service Covered?	Frequency	List any service-specific limitations	Criteria for coverage
Anti-microbial treatments that stop decay from spreading				
	Yes			
Fillings				
Silver amalgam	Yes		An amalgam (D2140, D2150, D2160, and D2161) which is placed after a sealant (D1351) on the same tooth, same surface, by the same provider, within one year of the sealant will not be reimbursed by MO HealthNet. Amalgam restorations on posterior teeth are covered. Fees for amalgam fillings include polishing. A restoration of any other material (amalgam or resin) is not covered. Same restoration on same tooth in less than a six-month interval is not allowed.	
Tooth colored composite	Yes		Resin restorations on posterior and anterior teeth are covered. A restoration of any other material is not covered. A second, same restoration on the same tooth in less than a six-month interval is not allowed.	
Crowns/tooth caps				

	Is the service Covered?	Frequency	List any service-specific limitations	Criteria for coverage
Stainless steel crowns	Yes		Replacement crowns are not allowed within six (6) months of the previous placement by the same provider. A fixed crown of chrome, porcelain/ceramic or stainless steel is covered. A fixed polycarbonate crown is covered for an anterior tooth. A fixed polycarbonate crown for a posterior tooth is not covered.	
Metal (only) crowns	Yes		Replacement crowns are not allowed within six (6) months of the previous placement by the same provider. A fixed crown of chrome, porcelain/ceramic or stainless steel is covered. A fixed polycarbonate crown is covered for an anterior tooth. A fixed polycarbonate crown for a posterior tooth is not covered.	
Metal/porcelain crowns	Yes - only with prior authorization		Replacement crowns are not allowed within six (6) months of the previous placement by the same provider. A fixed crown of chrome, porcelain/ceramic or stainless steel is covered. A fixed polycarbonate crown is covered for an anterior tooth. A fixed polycarbonate crown for a posterior tooth is not covered.	

	Is the service Covered?	Frequency	List any service-specific limitations	Criteria for coverage
Porcelain (only) crowns	Yes - only with prior authorization		Replacement crowns are not allowed within six (6) months of the previous placement by the same provider. A fixed crown of chrome, porcelain/ceramic or stainless steel is covered. A fixed polycarbonate crown is covered for an anterior tooth. A fixed polycarbonate crown for a posterior tooth is not covered.	
Root Canals (endodontics)				
Root canals on baby teeth (pulpotomies)	Yes		A pulpotomy may only be performed on primary teeth. A pulpotomy must include the complete amputation of the vital coronal pulp and the placement of a drug (approved by the ADA Council of Scientific Affairs) over the remaining exposed tissue. The fee for a pulpotomy excludes the fee for final restoration.	
Root canals on permanent teeth	Yes		Root canal therapy is a covered service for permanent teeth only.	
Gum (periodontal) therapy				
	Yes - only with prior authorization		A gingivectomy or gingivoplasty is allowed for participants' age five and over. Limited occlusal adjustment is covered under emergency treatment only. No other periodontal procedures are covered.	

	Is the service Covered?	Frequency	List any service-specific limitations	Criteria for coverage
Dentures				
Partial dentures	Yes		A partial denture must replace permanent teeth. Partial dentures are not covered after full dentures. A partial denture without clasps replacing one (1) permanent anterior tooth is covered. A partial denture without clasps must replace more than one (1) permanent posterior tooth. A partial denture without clasps is limited to a maximum of four (4) teeth. A partial denture with clasps must replace a minimum of three (3) permanent teeth, excluding third molars. (Procedure codes D5211 and D5212.) A partial denture involving third molars (wisdom teeth) is not covered. Bent-wire, cast gold or cast chrome clasps are covered. Adding a tooth or teeth to an existing partial denture, where possible, is a covered service. Partial dentures with lingual or palatal bars are not covered. Partial overdentures are not covered.	

	Is the service Covered?	Frequency	List any service-specific limitations	Criteria for coverage
Complete dentures	Yes		A full denture must be constructed of an acrylic type of material in order to be covered under the MO HealthNet Program and all dentures must meet the following criteria: full arch impression; bite registration; each tooth set individually in wax; try-in of teeth set individually in wax before denture processing; insertion of the processed denture; and six-month follow-up adjustments. Full overdentures are not covered. Dentures, full or partial, are covered only for children under 21 or for persons under a category of assistance for pregnant women, the blind or vendor nursing facility residents.	
Bridges	Yes - only with prior authorization		Bridges, bridge pontics and bridge retainers are covered for participants age 20 and under, but must be prior authorized.	
Orthodontics*				
Retainers (orthodontic)	Yes - only with prior authorization		Included as part of comprehensive orthodontic treatment.	
				To be eligible for orthodontia services, the participant must meet all of the following general

				requirements: 1. Be under 21 years of age; and 2. Have good oral hygiene documented in the child's treatment plan; and3. Have all dental work complete; and 4. Have permanent dentition. The determination whether or not a participant will be approved for orthodontic services shall be initially screened using the Handicapping Labio-Lingual Deviation (HLD) Index. The HLD Index must be fully completed in accordance with the

Braces	Yes - only with prior authorization		See Criteria for Coverage.	instructions and must be submitted with the Prior Authorization (PA) form. MO HealthNet will approve orthodontic services when the participant meets all the criteria above and one of the following criteria: has a cleft palate; has a deep impinging overbite when the lower incisors are damaging the soft tissue of the palate (lower incisor contact only on the palate is not sufficient); has a cross-bite of individual

				anterior teeth when damage of soft tissue is present; has severe traumatic deviations; has an over-jet greater than nine millimeter (9mm) or reverse over-jet of greater than three and one-half millimeters (3.5mm); Has an impacted maxillary central incisor; or scores 28 points or greater on the HLD Index. If the participant does not meet any of the above criteria, MO HealthNet will consider whether orthodontic services should

				be provided based upon other evidence that orthodontic services are medically necessary.
Oral surgery				
Simple extractions	Yes		Extraction fees for routine extractions and impacted teeth (including supernumerary teeth) include the fee for local anesthesia and routine post-operative treatment. Surgical extraction of impacted teeth is a covered service. Claims submitted for removal of impacted teeth other than third molars must include x-rays.	
Surgical extractions	Yes		Pre-treatment x-rays and office notes must be submitted with claim.	
Care of abscesses	Yes		Coverable for children under 21 or for persons under a category of assistance for pregnant women, the blind or nursing facility residents.	
Cleft palate treatment	Yes - only with prior authorization		Coverable for children under 21 or for persons under a category of assistance for pregnant women, the blind or nursing facility residents.	
Cancer treatment	Yes		Coverable for children under 21 or for persons under a category of assistance for pregnant women, the blind or nursing facility residents.	

	Is the service Covered?	Frequency	List any service-specific limitations	Criteria for coverage
Treatment of fractures	Yes		Coverable for children under 21 or for persons under a category of assistance for pregnant women, the blind or nursing facility residents.	
Biopsies	Yes - only with prior authorization		Some biopsies may require prior authorization or an operative report.	
Treatment of jaw joint problems (TMJ)				
	Yes		Coverable for children under 21 or for persons under a category of assistance for pregnant women, the blind or nursing facility residents.	Coverable for children under 21 or for persons under a category of assistance for pregnant women, the blind or nursing facility residents.
Emergency room services provided by a dentist				
				Emergency services are services required when there is a sudden or unforeseen situation or

	Yes		Covered procedure codes are 99281, 99282, 99283 and 99284.	occurrence or a sudden onset of a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) that the absence of immediate medical attention could reasonably be expected to result in: 1. Placing the participant's health in serious jeopardy; or 2. Serious impairment to bodily functions; or 3. Serious dysfunction of any bodily organ or part. Dentures and

				expanded Healthy Children and Youth (HCY) services shall not be allowed under these emergency treatment provisions.

Coverable for children under 21 or for persons under a category of assistance for pregnant women, the blind or nursing facility residents.

* When this information is posted on the Insure Kids Now website, we will include a special note for orthodontic services explaining that parents and caretakers should work with their child's orthodontist to ensure that the treatment and payment terms and conditions are clear at the outset of treatment (for example, what happens in the case of a child who becomes ineligible for Medicaid or CHIP while he or she is undergoing orthodontic treatment?).
